A spare, modern platform and frame of South American Ipe, sometimes referred to as "ironwood," one of the strongest, most dense hardwoods anchors a commanding, asymmetrically-shaped headboard sawn from a log of rare English elm. The platform floats gracefully around the mattress yet is immensely secure and sturdy. Available in king or queen sizes. Similar slabs available. Custom woods and proportions.

Head Board: 100"L x 47"H x 2"D

Frame: 102"L x 99 3/4"W x 10 1/2"H x 1.5"D

Finish: Natural hand-rubbed oil
